WATERWORKS COMPLETED!

In the first few months of 2011, the Waterworks project has been in full swing, and has now been completed.

The first phase of the Waterworks project was to repair the broken sewer line. This was done in August of 2010. The second phase of the project required putting a water supply back into the building, and rehabilitating the restrooms so that they could be used. This was finished in early May of 2011. The work consisted of new water supply

lines, new fixtures, new floors, and new paint. The bathrooms are now fully functional again, after being idled for 9 years. It was only through the combined efforts of dozens of people working hundreds of hours that this was accomplished. The Whiteside Theatre Foundation thanks all of our contributors, granting agencies, contractors, Directors, and other volunteers for all of the hard work it took to bring the Waterworks project to completion.

UPCOMING WHITESIDE EVENTS/ACTIVITIES:

FIRST FLUSH TOURS

On Saturday, June 4th, at 10:30am, and 11:30am, the Whiteside Theatre Foundation will be conducting tours of the theatre that include the newly rehabilitated restrooms on the mezzanine level. The tours are \$5 each, and there is a limit of 35 tourists per tour.. Because the bathrooms are on the mezzanine level, this tour requires people to negotiate some stairs (15 each going up and down). No cameras or recording devices are allowed.

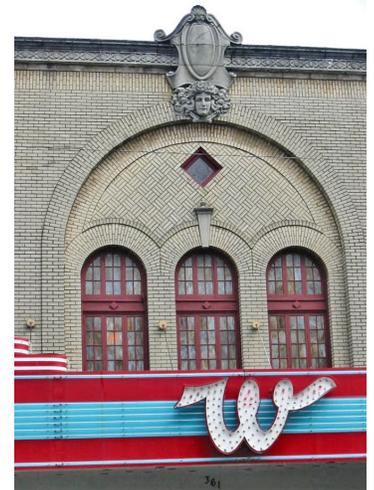

Reservations for the tours can be made by emailing reservations@whitesidetheatre.org. We can only accept email reservations until 11pm on Friday, June 3rd, owing to the speed of the email system.

Admission can be paid in advance from 9:30am to 11:30am on Saturday, June 4th, in front of the theatre. We cannot accept credit cards at this time, and apologize for any inconvenience this may cause. We can accept cash and personal checks.

Come see the progress we've made and help support the further rehabilitation of the Whiteside Theatre!
